Huzaifa Banegar Software Developer

Mumbai | +91-8369643263 | Linkedin | Github | Leetcode | My Portfolio | banegarhuzzi1010@gmail.com

SKILLS

- **Programming Languages** : Javascript, HTML, CSS, SQL, Java, TypeScript, MySQL
- **Libraries and Frameworks** : React, NodeJS, MongoDB, Express.js, Redux, NextJs, Tailwind, Material UI, Jest, Spring Boot
- **Tools** : Github, Intelli J Idea, Postman, Webpack, VS Code
- **Other Skills** : Data Structures and Algorithms, Microservices, RESTful API, System Design

EXPERIENCE

Software Development Engineer (Full Stack)   Aug 2023 - Present

Botpresso   Remote

- Led the design and development of a SAAS application from scratch using Next.js, Node.js, and Express in an agile environment.
- Conducted end-to-end testing of the application using Jest and React Testing Library, ensuring 95% code coverage.
- Created a WordPress website for the organization according to the specified design.
- Participated in all phases of the Software Development Lifecycle to ensure comprehensive project execution.
- Developed wireframes on Figma for the admin panel to enhance user experience.
- Onboarded over 200 users within the first week of application launch.

Software Developer | Lead IA   Sep 2021 - Jul 2023

Masai School   Remote

- Developed frontend of web-apps such as Level up, Hukumu in a team , using Next Js, TypeScript, React Js, Tailwind Css.
- Built CMS platform that managed 1000+ students, 500+ lectures, and humongous Ed-tech data.
- Managed a team of 12 IA members and giving them KT on brushing up their management and teaching skills.
- Collaborated with teams in Aglile Environment with help of Jira
- Made Interview templates on product according to Marking algorithm and testing it out, so as to make Interview rounds
- Took Interview of 1500+ students on Level up and Hukumu

Associate Software Developer | IA   Apr 2022 - Aug 2022

Masai School   Remote

- Worked on LMS prod, ensuring sprint activities are completed within stipulated time
- Conducted daily problem-solving stand-ups and doubt sessions for over 100 student, on zoom.
- Handled and resolved technical queries and doubts for 100+ students on slack.
- Took coding and DSA curriculum doubts session of students on zoom.
- Reviewed student project and delivering lectures whenever required.
- Had 1 on 1 calendly and pair programming sessions to develop student's problem-solving skills.

PROJECTS

Bobby Brown Cosmetics - Clone

https://bobbibrown.vercel.app/

- Engineered a clone of a luxury beauty products e-commerce website using ReactJs, Redux, Node.js, MongoDB, Express, HTML, CSS, and Bootstrap, enhancing user experience.
- Delivered the complete website from concept to deployment within one week, demonstrating strong development skills.
- Implemented UI interfaces and enhanced load time by 32% through effective code splitting and lazy loading.
- Deployed the application on Netlify, Heroku, and Render, ensuring seamless access and optimized performance for users.

URL Checker App

https://url-checker-app.netlify.app/

- Engineered a web application to assess HTTPS status, SSL certification, and Robots.txt presence, utilizing React.js and Node.js.
- Deployed the application on Netlify and Render, achieving 99.9% uptime and enhancing user accessibility.

EDUCATION

Scaler   2024

Specialized in Software Development & Problem Solving

- **Coursework:** Data structures and Algorithms, Databases and SQL, High-Level Design, MERN stack
- Solved over 500 Data Structures and Algorithms problems, consistently ranking within the top 10% of learners.

Welingkar Institute of Management   2022

MBA | 85%

A. P. Shah Institute of Technology   2019

B.Tech
